Zone 5 - Exxon, Baytown to Barbour's Cut (HC379.37 - HC375.00)

Shifting Rate Multipliers	
< or = 200' x < or = 35'	1
< or = 200' x > 35'	1.5
> 200' x > 35'	2

* Fuel will be escalated monthly using \$2.00 as the base price and surcharge 1% for every \$.08 increase in fuel price. Price will be established on the first day of the month. Price will be set using O'Rourke Houston's published price. Rates include up to one hour of combined tug time, hourly rates in effect thereafter. Minimum charge of one hour, billed in half hour increments thereafter. No charge for shifts to/from San Jacinto Barge Repair facility located at the ACLTS Houston Fleet, if vessels also fleet at the ACBLTS Houston Fleet.

Additional charges may apply should a change in MARSEC level require additional fleeting, switching and/or monitoring service.

Contact: Nora Henderson (281) 791-7305, Vince Willis (812) 288-1650 or Jeff Kindl (504) 736-1240

Pumping - 1st Hour (includes boat & setup)					
Per Pump - After First Hour					
Drydocking and Repairs		N/A	Upon Request	Upon Request	N/A

Shifting Rate Multipliers	
< or = 200' x < or = 35'	1
< or = 200' x > 35'	1.5
> 200 x > 35'	2

(A) Fuel will be escalated monthly using a \$2.00 base and surcharge of 1% for every \$.08 increase in fuel price. Price will be established on the first day of the month. Price will be set using Stone Fuel - Gulf published price for Harahan, Armant and Convent. Price will set using Stone Fuel - Baton Rouge published price for Baton Rouge.

Any barges that arrive with less than 18" of freeboard will not be accepted into ACBLTS fleets. All wing tanks must be free of standing water with no indication of leaking before the arriving boat can depart. ACBLTS will not accept any leaking barges to be placed in its fleet.

All Fleet Services and shifting rates subject to high water surcharge of 30 percent on base rates (12' on Carrollton gauge, or when high water operating requirements are designated by the U.S. Coast Guard). Wilkinson Point high water assist boat \$850/hr with minimum charge of one hour, billed in half hour increments thereafter.

Payment for services rendered is due upon completion of services and payment is due within 30 days from date of invoice. Interest on late payments is 1.5% per month from the invoice date until paid. Customer is liable for all other cost of collections such as legal fees, court costs, marshal fees, custodian fees, etc.

When making drops or pickups from closed fleets or other locations requiring tug service, ACBL at its sole discretion will wait for tug service for 1 hour at no charge. After notification to the barge owner(s), ACBL will charge all additional time waiting at the hourly rate of \$350/hour billed in 30 minute increments until tug service is provided. The waiting tug charge will be billed to the barge owner(s) prorated among the barges being dropped or picked up at the location.

Delivery of barges to docks and terminals will be made with reasonable dispatch. ACBL is not responsible for dock delays, ship demurrage or other costs associated with the loading or unloading of vessels. It's our goal to provide customers with accurate and timely information on the loading and unloading schedule and status of of their vessels; however, this is provided for convenience only. In providing information, ACBL is not acting as an agent for a customer, terminal, stevedore or other party and is not responsible for any errors or omissions in information provided. All customers should contact docks, terminals, shippers, consignees and/or their agents to verify information.

No claim may be asserted against ACBL on account of any claim or loss to property of any type or nature, including any vessel or cargo, for the first \$2,500 of damages sustained by any party resulting from or arising out of any services provided by ACBL.

Additional charges may apply should a change in MARSEC level require additional fleeting, switching and/or monitoring service.

By tendering barges for marine services to ACBL fleets, the barge owner(s) and/or operator(s) agree to these rates, terms and conditions.

Contact: Vince Willis (812) 288-1650, Ryan Phillips (225) 562-5015 or Jeff Kindl (504) 736-1240

Pressure washing	Price available upon request - call for quote					
Mopping hoppers is available at all locations - Dockside, Harahan, Armant, Belmont, Convent, Baton Rouge						
Barge cleaning consists of washing the topside of the barge (including covers, if applicable), the hopper (including the underside of the covers, if applicable), squeegeeing the hopper floor and sponging out the sumps, if applicable. Mop charge is \$200 in addition to the cleaning. Special clean rate is \$450 in addition to the cleaning. Soaking charge is in addition to the cleaning and 50% of the cleaning rate. A meal rewash is \$337.50. A gypsum rewash is \$350. Cleaning rates are for normal cleaning, excessive cleaning will be at time and materials after inspecting the barge. We can not handle the cleaning and disposal of all products. Please contact us if there is any question about product handling. Shifting for cleaning is in the above rates.						

Barge Repair Services	Rates	Holiday Sunday
